

Consolidate your fueling and maintenance with the fleet card program that gives you the most . . . Savings, Control, Convenience.

The **GetGo Universal Fleet Program** is more than a charge card. It's the fleet management tool that gives you the information you need for better control and savings. Our single card replaces your current fuel credit cards, offers greater flexibility and gives you the tools to create policies to restrict unauthorized purchases. Plus, your vehicle maintenance needs are covered with more than 45,000 service locations, including major name-brand chains offering all routine maintenance...roadside assistance, tires, transmissions, brakes and more. You get the same detailed reporting for fuel and service purchases, so it's the easiest way to track and control vehicle expenses using one card.

Cost Savings and Control

Save up to 3¢ per gallon when you purchase 2,000 gallons or more per month at GetGo locations. To thank your drivers, we offer them a free Giant Eagle bottled beverage, coffee, fountain drink, or frozen carbonated beverage with qualifying purchase* when they come inside GetGo. Additionally, your fleet can qualify for other applicable reward programs where available.**

Valuable Monthly GetGo Rebates	
500 - 1999 Gallons	2¢ Per Gallon
2000 + Gallons	3¢ Per Gallon

When your drivers use the Fleet Services Card, they must provide an authorized driver ID number plus the vehicle's odometer reading. Together with the information encoded in the card's magnetic stripe, we can tell you who bought what, where, when and for how much. We even tell you how well your vehicles are performing by reporting the cost per mile and miles per gallon.

With our Exception Reporting you'll also be able to quickly and easily identify purchases that are outside your policies, such as fueling on weekends or holidays or fill-ups with premium fuel.

Online Purchase Controls

You can help reduce unauthorized purchases by giving your drivers the exact level of purchasing power they need when you set restrictions on a range of product types, such as fuel and automotive services. If a transaction exceeds any of your limits, our system is designed to decline the transaction, subject to the limitations described in the Important Information section of our Profile Manager.

Purchase Alerts allow you to keep your drivers on schedule, while staying alert to possible problems. You'll receive an e-mail when a transaction falls outside your purchase guidelines, so you can decide if any action is required.

Superior Service

Friendly, trained representatives are available – 24 hours a day, 7 days a week – to assist drivers and managers with questions.
